Advancing Diversity, Equity, & Inclusion

PROBLEM STATEMENT
The UCSF Benioff Children’s Hospitals (BCH) Diversity, Equity & Inclusion (DEI) Council was established in 2017 in response to the overtly white representation at the highest levels of UCSF BCH leadership. Structural racism, including at UCSF BCH, refers to a system in which policies, institutional practices, cultural representations and other norms work in various and reinforcing ways to perpetuate racial group inequity for Blacks, Indigenous, and People of Color (BIPOC). Bold action is required to dismantle structural racism and assure that the resulting cultural shift is sustained into the future. This A3 is aligned with the UCSF Health Equity Council, Office of Diversity and Outreach, Differences Matter and the True North Pillar: Our People.
